CHAIR:		Nick Hulme – Chief Executive	LEAD EXECUTIVE DIRECTOR:	Giles Thorpe – Chief Nurse	
Agenda Item No.	DETAILS OF ISSUE:	FOR APPROVAL / ESCALATION / ALERT/ ASSURANCE / INFORMATION?	RISK REGISTER / BAF REFERENCE	PAPER ATTACHED √	
21/88	Urgent quality issues It was noted that concerns being raised to CQC and F2SU Guardian regarding the Maternity Triage area at Colchester had been addressed, with time being given to the staff raising concerns and appropriate assurance provided to the CQC. Ongoing QI work is underway to implement new ways of working to support better flow through triage at both sites	Information	BAF Risk 11		
21/89	Workforce Workstream The independent medical workforce review was noted as having been received and will be shared in depth at the next EBED meeting. It was noted that all of the specialty lead posts within obstetrics had now been appointed to with relevant PAs provided to roles.	Information	BAF Risk 11		
21/91	MSSP Engagement The Trust's Maternity Improvement Advisor shared an update that the diagnostic report was being compiled and that medical support would be offered with an Obstetric Improvement advisor. It was noted that the MIA would change for three months.	Information	BAF Risk 11		

21/90	<p>Every Birth Every Day Programme Update</p> <p>Overall delivery was noted as being slower than planned due to staff sickness and turnover. However, clear plans were identified as being in place.</p> <p>A concern was raised that the metrics being provided focussed on process rather than outcomes and the programme board requested that a series of outcome metrics was identified for future iterations of updates to evidence the positive impact that quality improvement workstreams were having for pregnant people and their families.</p>	Information	BAF Risk 11
