3. Summary:

ENSEFT as an Anchor Organisation has been progressing with activities.

The Anchor Dashboard has been updated from the previous Dashboard presented to the Jan 24 Board, it includes a full update for all Qualitative sections and for the Quantitative sections we have updated sections in line with the metrics agreed with the ICB; this was based upon the output from the UCL Partners Anchors toolkit.

In April ESNEFT completed the ICB Dashboard for People alongside other ICB organisations. The ICB Dashboard metrics and content are aligned to the ESNEFT Dashboard.

4. Recommendations / Actions

To receive presentation and discuss implications, highlighting any areas for further development.
